BEAVERS IN MY BACKYARD!

living on the creek in Martinez

Beavers have been seen in your area. Here's how to protect your trees!

- Wrap trees with wire (Not Chicken wire) At Least 3 feet high. Make sure you leave room for the tree to grow.
- Paint them with sand (Beavers don't like the gritty texture). Choose a latex paint that matches the trunk and add mason sand to the mix.
- Let us know and we'll do it for you.
- WORTH A DAM 925 228 3190.

For more information or to report chewing write us at mtzbeavers@gmail.com or visit our website at www.martinezbeavers.org. Be part if the beaver solution!
