

Nature Detecties to the rescue!

Oh no! A salmon living at the beaver pond has gone missing! We need nature detectives to solve the case. Can you help? Start at Booth 1 and visit all booths marked with a magnifying glass to collect clues to solve the case.

The Great Beaver Giveaway!

Come onstage and tell California how beavers can help, then choose your stuffed beaver toy - generously donated by lifelong collector Dr Mark LTroyer from Washington DC. Thanks to troop 429 for helping distribute!

Musicians fill the air with joy!

Spirit of 29 presents jazzy Dixieland tunes, *The unConcord* plays Americana music you'll feel in your roots, *Footprint* makes the music of original Bluegrass country, and bagpipe player *Dave Quinter* keeps the Children's Parade fun adflowing along.
